SOLID

STRONG LIGHT & DRY

TECHNOLOGY PARTNERS

The most advanced technology used
in touring caravan engineering.

The first and only fully-bonded construction system for touring caravans. SoLiD Construction uses a chemical bonding process which is used in Formula 1, aircraft and marine construction.

THE ADVANTAGES OF

STRONG – Solid Construction means our caravans offer industry leading integrity and rigidity.

LIGHT – Fully bonded construction enables lighter vehicles which improves fuel consumption.

DRY – Waterproof joints and 95% fewer exterior screws create an impenetrable water barrier.

Buccaneer

New features & key specifications

The image shows the interior of a luxury yacht. The walls and ceiling are finished with dark wood paneling. In the foreground, there are two light-colored leather sofas with white patterned cushions. A curved wooden bar with a white countertop is illuminated from below. On the bar, there is a vase with wooden utensils, a small bowl, and a loaf of bread. In the background, a cabin with two beds is visible. The overall atmosphere is warm and sophisticated.

Buccaneer

All new Buccaneer Clipper with transverse, retractable single beds.

A touring caravan like no other.

Buccaneer is the most luxurious touring caravan range in the UK. This most opulent of caravans features class-leading design and many more features as standard than any other brand.

Innovative design and development takes the Buccaneer to a whole new level – now 8ft wide, with a unique integrated self-levelling system and a complete new redesign, both inside and out.

Whilst the flagship Buccaneer is built on 50 years of expert craftsmanship, it is a thoroughly modern caravan with unique and cutting-edge technology.

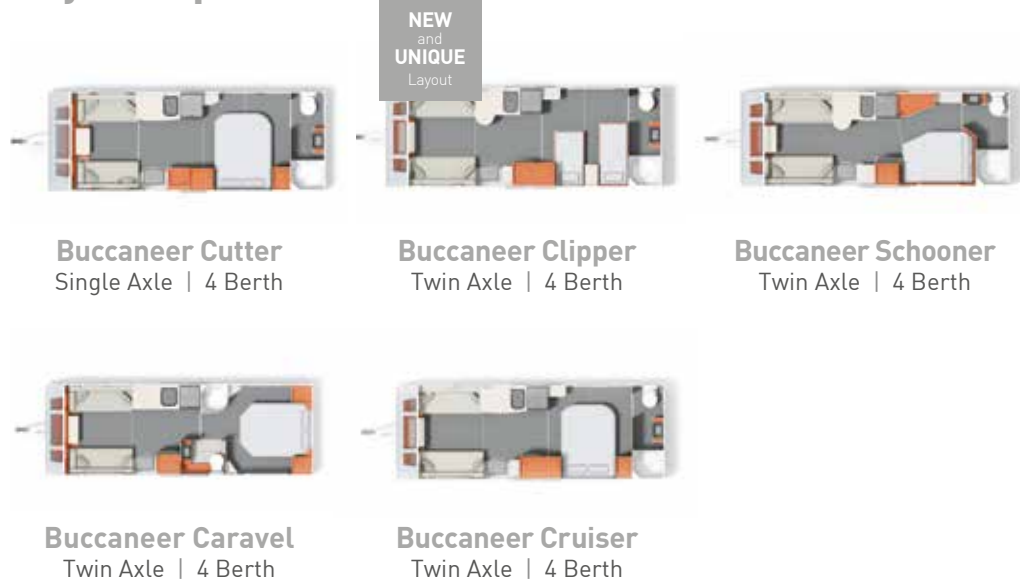

The multi-award-winning Buccaneer goes from strength-to-strength – this is the epitome of the great British grand tourer!

Specification, layouts & key features

Layout Options

Key Features

- 8ft Overall width gives unsurpassed interior living space - a first for any UK caravan manufacturer
- Industry-leading BPW Swing V-tec chassis with iDC (Intelligent Drive Control) anti-snaking device for unrivaled towing performance and stability (no special tow ball required, includes easy hitch operation)
- Remote-controlled hydraulic automatic self-levelling system - effortlessly level at the push of a button within 2 minutes! (Maintenance free, gives 6-point stabilisation, additional theft protection and even comes with a failsafe back-up handpump as standard)
- Improved Alde 24hr multi-programmable central and water heating system. Runs on gas, electric (up to 3.15kW) or both with new easy-to-use LCD touchscreen control with night-time display setting. Includes mobile phone connectivity (via Phantom® tracker), allowing you to control the Alde system remotely
- Alde Underfloor heating, works in synergy with the Alde Central Heating System, allowing you to enjoy the comfort of warm floors on cold winter mornings
- 100W Truma roof-mounted solar panel
- Retractable bed (excl. Schooner) creating a comfortable daybed and 400mm additional floor space during the day
- Alde Load Monitor (allows you to programme the max 230V current to prevent you exceeding the site's electrical capacity)
- BPW Diamond Standard wheel lock - easier than ever to fit when used with the remote-controlled automatic self-levelling system. No jack required! (Single axle models include one wheel lock, twin axle models include two wheel locks)
- Phantom ProActive 3® Thatcham Cat 6 approved GPS/GSM tracker
- One piece GRP silver sides
