The **first** and **only** fully-bonded construction system

THEY'VE GOT A COMMON BOND

WE CALL IT **SOLID** CONSTRUCTION

THE MOST ADVANCED TECHNOLOGY EVER USED IN LEISURE VEHICLE ENGINEERING

The first and only fully-bonded construction system for touring caravans and motorhomes. SoLiD Construction uses a tried and tested chemical bonding process as used in advanced automotive manufacture, Formula 1, aircraft and marine construction. SoLiD Construction eliminates water ingress, significantly increases structural rigidity and reduces weight to give you better fuel consumption.

STRONG

Everyone of our caravans and motorhomes is built with SoLiD Construction offering industry leading integrity and rigidity by spreading stresses and strains evenly across all joints.

LIGHT

Our fully-bonded construction system enables lighter vehicles, allowing class-leading specification whilst maintaining our lightweight advantage with improved fuel consumption.

DRY

With waterproof joints and over 95% fewer exterior screws, SoLiD Construction creates an impervious barrier to water ingress, backed by our Free 10 Year Water Ingress and Body Integrity Warranty.

A touring caravan like no other

The All-New Buccaneer is the most luxurious touring caravan range in the UK. This most opulent of caravans features class-leading design and many more features as standard than any other brand.

New design and development take the All-New Buccaneer to a whole new level - now 8ft wide, with a unique integrated self-levelling system and a complete new redesign, both inside and out.

Whilst the flagship Buccaneer is built on 50 years of expert craftsmanship, it is a thoroughly modern caravan with unique and cutting-edge technology.

The multi-award-winning Buccaneer goes from strength-to-strength - this is the epitome of the great British grand tourer!
